

Spreading Smile – Envision Ecommerce's Visit to Orphanage

This blog post is surely different from others that are posted here on Envision Ecommerce. But, we feel really happy about sharing our personal experience with everyone here. It's just a call to all of us to remember to help & make smiling those who are not fortunate as we are.

Today as shared in our earlier blog, "[Help Orphans this Diwali with Envision Ecommerce – Contribute a Smile](#)", we went to the orphanage and we would like to share our experience at Bal Niketan orphanage in Chandigarh/Panchkula. Bal Niketan is a national award winning Indian orphanage and has been helping underprivileged children since 1983. Presently, there are 42 children and they are studying in eight good schools of Panchkula. After completing education, a number of Bal Niketan's children have been rehabilitated in their life, and currently standing on their own feet.

We interacted with kids, asked for their names and also  introduced ourselves to them & proceeded to play a few games with them. They were eager to play such games and that joy radiated from their eyes touched us deep now. Some of them also sang some songs for us. It was really an emotionally enlightening experience for us to contribute a smile on the faces of kids.

We are very grateful that we had the opportunity to visit such a place. Every one of us has certainly realized that how fortune we are to be living present life and how they live a very simple life & yet they are very happy. Envision Ecommerce will also endeavour to do more for these Orphans.
